

Email Basics

Free Web-based email

Google's free email service includes 15 Gb storage for mail and Google Drive, as well as access to online apps.

Microsoft's email includes 15 Gb storage for mail and online storage using OneDrive.

Although there is no online file storage, as with Gmail or Outlook, mail storage is practically unlimited at 1Tb.

Easy to use, with essentially unlimited mail storage.

I am...

Mobile phone
United States

Your current email address

Location
United States

Next step

Enter your first and last name

Choose a username (Google will suggest based on your name)

Create a password (must be 8 characters, a mix of upper, lower case, numbers, and symbols are suggested)

Birthdate and Gender are require fields

A Mobile Phone number can be used to retrieve a forgotten password, as can an existing Email address, but neither is required

Next Step requires agreement to terms and conditions, after which your new account is created
